

INSTALLATION DATA SHEET

AFL SERIES VISOR

INSTALLATION:

READ AND FOLLOW ALL SAFETY INSTRUCTIONS BEFORE INSTALLING THIS VISOR.

Failure to install this visor properly will create a potential leakage, which can cause fixture to malfunction.

- 1 Remove the visor mounting screws from the fixture lens frame.
- 2 Install the visor on the lens frame, making sure the nylon washers are between the lens frame and the visor.
- 3 Open the fixture and seal the threads on the inside part of the lens frame with adhesive or thread lock.
- 4 Close the fixture and operate the fixture normally.
