

AZZ Inc. Announces the Divestiture of its Galvabar Business

AZZ Inc. sells Galvabar business assets to Commercial Metals Company (“CMC”).

July 21, 2020 – FORT WORTH, TX - AZZ Inc. (NYSE: AZZ), a global provider of metal coating services, welding solutions, specialty electrical equipment and highly engineered services, announced today that it has successfully completed divesting its Galvabar business. Terms of the transaction were not disclosed.

Tom Ferguson, Chief Executive Officer of AZZ, commented, “While Galvabar would normally be considered a core business for AZZ, we have determined that this technology is better suited for a company with both rebar manufacturing and distribution capabilities. We are pleased to have reached an agreement whereby CMC, a leader in the metals industry, has acquired these assets, and will seamlessly integrate Galvabar into their existing operations. This disposition generates cash and frees up capital that had been committed to building out the necessary plant capacity. These resources will be used for investments and acquisitions in the remaining Metal Coatings businesses. I am convinced that CMC will be a great partner to the Galvabar customer base, as well as a good employer for Galvabar’s work force.”
